About Tadamon

Making CSOs Stronger

The IsDB - ISFD NGO Empowerment for Poverty Reduction Program (Tadamon) is a partnership program sponsored by the Islamic Solidarity Fund for Development (ISFD), managed and designed by the Islamic Development Bank (IsDB), and implemented by the United Nations Development Programme (UNDP). This booklet demonstrates how this initiative has evolved from providing visibility to Civil Society Organizations (CSOs) projects and activities to facilitating and supporting innovative ideas that have the potential to scale up in those Member Countries (MCs) of the Organization of Islamic Cooperation (OIC) that have endorsed the Program.

The program is being implemented during the years 2019-2024 among the 57 OIC member countries. Each year, around 7 priority countries are selected for the implementation of the program. Within the scope of the program, over 100 CSOs are empowered annually. The goal of this booklet is to illustrate the activities and achievements of the IsDB-ISFD NGO Empowerment Program for Poverty Reduction in Chad.

“Tadamon Crowdfunding Academy provided us with target-oriented training. Before this training, we didn't know that we are able to use social media for crowdfunding campaigns. We also learned how campaign communications techniques are essential for achieving campaign objectives.”

Program objectives

Reduce poverty

in IsDB's MCs through development and humanitarian initiatives;

Build relationships

and undertake cooperative initiatives to reach hard-to-reach communities;

Showcase the benefits of an integrated approach

to improve the socio-economic wellbeing of hard-to-reach communities.

Program activities

1 Mapping, screening, and categorizing of national CSOs

- **Developing a roster of CSOs** that can partner with IsDB/ISFD.
- **Identifying institutional capacity gaps**, specializations, and mapping of civil society landscape.
- **Identifying new partners**, such as: international CSOs, philanthropies, foundations, and platforms.
- **Providing an easy-to-search database** for future partners.

2 Capacity-building for local CSOs

through dialogue and institutional strengthening. The aim is to promote CSOs engagement on a country level in MCs to:

- Improve operational efficiency and effectiveness.
- Support strengthening of institutional capacity to raise funds, manage, implement, monitor, and evaluate grant projects.
- Participate in the Tadamon Crowdfunding Academy for sustainable financing.

3 Promoting innovative and transformative projects

led by CSOs that contribute to reducing poverty in their communities. These transformative projects focus on:

- **Improving the lives** of refugees, women, youth, people with disabilities, and children deprived of parental care through education and skills development.
- **Empowering vulnerable communities** through income-generating opportunities, community resilience building, and job creation for youth.

4 Development of the Tadamon online platform

that will:

- **Support mapped CSOs** to get more visibility, connections, training and funding.
- **Serve as the "Trip advisor" on CSOs** programs and projects in particular fields, in order to make it easier for citizens, the private sector, and philanthropies to financially support the humanitarian and development efforts of CSOs.

Civil Society in Chad

In Chad, the advent of democracy in 1990 paved the way for the creation of associations. The regime change facilitated the emergence of organizations advocating and promoting human rights, professional corporations, independent unions, unions/federations/networks of associations, economic groups, grassroots organizations, and urban development associations, among others. This wave of civil society organization creation was driven by political activism and a desire to contribute to the country's development in less restrictive frameworks than the public sector.

CSOs also unite around issues of national interest, such as peace (e.g., the Peace and Reconciliation Monitoring Committee), human rights, the exploitation of natural resources, women's rights and status, knowledge production and dissemination, action research, training, culture, protection, food security, nutrition, WASH (water, sanitation, and hygiene), social issues, education, literacy, agriculture, livestock, environment, renewable energy, and health.

They are active in initiatives focused on training, raising awareness, and providing information, including the establishment of community and associative radio stations, civic education campaigns, legal assistance, and para-legal training.

A set of instruments governs the legal framework for CSOs in Chad. For instance, Ordinance No. 27/INTSUR of July 28, 1962, which outlines the general regime for associations, defines the rules regarding the formation, operation, and dissolution of associations (both secular and religious) in Chad.

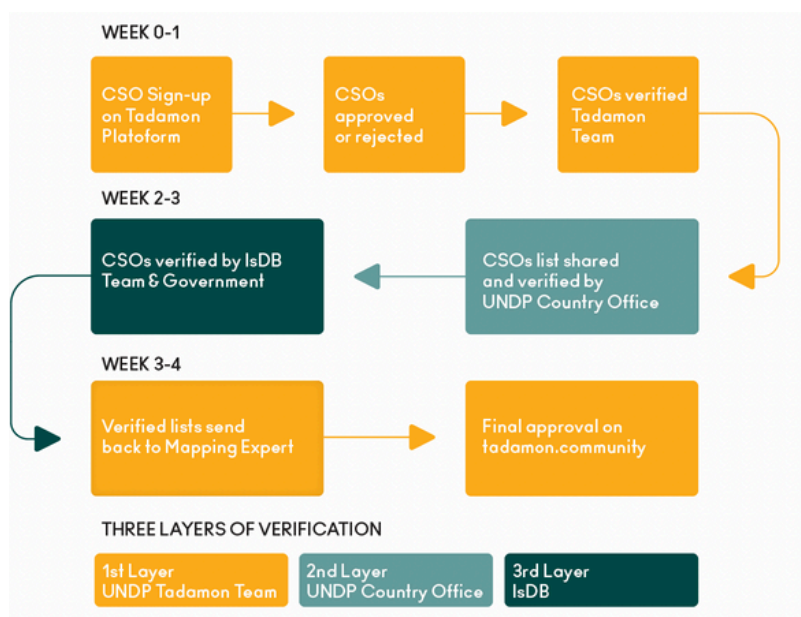

Additionally, Decree No.917/PR/MEPD/2018, which sets the status of non-governmental organizations (NGOs) in the Republic of Chad, established a Permanent Secretariat for NGOs and Humanitarian Affairs responsible for coordinating, planning, guiding, and monitoring the activities of NGOs operating in Chad. There are 418 national NGOs and over 5,000 associations and groups across the country.

Mapping of CSOs

Since 2020, the program has mapped, categorised and surveyed the civil society landscape across 33 OIC member countries. In 2022 this mapping was conducted in Chad to understand better and get to know the people and organisations at the forefront of grassroots development. Instead of relying on existing databases and directories, a new approach was specifically designed to have CSOs come to our platform. The goal was to identify the most active organisations that would benefit from the program and its activities, by having CSOs sign up on the Tadamon platform.

After signing up and passing our three-step verification process, CSOs gain access to participate in our activities: grant programs, financed by IsDB, Crowdfunding Academies and other forthcoming capacity-building programs.

Sign Up Criteria

1. CSOs' activities are in line with IsDB's areas of interventions;
2. CSOs have no political affiliation
3. CSOs have a minimum of 2 years of experience
4. CSOs are registered and licensed to operate in their respective countries

CSO verification

CSOs that signed up to the platform go through a three-step verification process to ensure they are eligible for the program and have an official registration with local authorities. The applications are also reviewed for any fake applications and scammers.
