About Tadamon

Making CSOs Stronger

The IsDB - ISFD NGO Empowerment for Poverty Reduction Program (Tadamon) is a partnership program sponsored by the Islamic Solidarity Fund for Development (ISFD), managed and designed by the Islamic Development Bank (IsDB), and implemented by the United Nations Development Programme (UNDP). This booklet demonstrates how this initiative has evolved from providing visibility to Civil Society Organizations' (CSOs) projects and activities to facilitating and supporting innovative ideas that have potential to scale up in those Member Countries (MCs) of the Organization

of Islamic Cooperation (OIC) that have endorsed the Program.

The program is being implemented during the years 2019-2024 among the 57 OIC member countries. Each year, around 7 priority countries are selected for the implementation of the program. Within the scope of the program, over 100 CSOs are empowered annually. The goal of this booklet is to illustrate the activities and achievements of the IsDB-ISFD NGO Empowerment Program for Poverty Reduction in Kazakhstan.

"New knowledge and skills that came with the Tadamon Crowdfunding Academy helped us feel more confident and make our project even more beneficial to society."

Program objectives

Reduce poverty

in IsDB's MCs through development and humanitarian initiatives;

Build relationships

and undertake cooperative initiatives to reach hard-to-reach communities;

Showcase the benefits of an integrated approach

to improve the socio-economic wellbeing of hard-to-reach communities.

Program activities

1 Mapping, screening, and categorizing of national CSOs

- **Developing a roster of CSOs** that can partner with IsDB/ISFD.
- **Identifying institutional capacity gaps**, specializations, and mapping of civil society landscape.
- **Identifying new partners**, such as: international CSOs, philanthropies, foundations, and platforms.
- **Providing an easy-to-search database** for future partners.

2 Capacity-building for local CSOs

through dialogue and institutional strengthening. The aim is to promote CSOs engagement on a country level in MCs to:

- Improve operational efficiency and effectiveness.
- Support strengthening of institutional capacity to raise funds, manage, implement, monitor, and evaluate grant projects.
- Participate in the Tadamon Crowdfunding Academy for sustainable financing.

3 Promoting innovative and transformative projects

led by CSOs that contribute to reducing poverty in their communities. These transformative projects focus on:

- **Improving the lives** of refugees, women, youth, people with disabilities, and children deprived of parental care through education and skills development.
- **Empowering vulnerable communities** through income-generating opportunities, community resilience building, and job creation for youth.

4 Development of the Tadamon online platform

that will:

- **Support mapped CSOs** to get more visibility, connections, training and funding.
- **Serve as the "Trip advisor" on CSOs** programs and projects in particular fields, in order to make it easier for citizens, the private sector, and philanthropies to financially support the humanitarian and development efforts of CSOs.

Civil Society in Kazakhstan

Civil society in Kazakhstan has been gradually receiving a more prominent role in the development of Kazakhstan as a nation. During the 2000s and early 2010s, CSOs continued to rapidly grow both in number and in the scope of their operations, ranging from establishing mutual benefits to supporting environmental causes. More recently, CSOs role has received greater acknowledgement from the Government, which materialised into a number of CSO-Government joint initiatives.

First formal cooperation efforts started as early as 2006 when the Concept of Civil Society Development for 2006-2011 was adopted, which provided an institutional framework for CSOs and government officials to cooperate by establishing working groups and consultative bodies. In 2015, the National Action Plan on Development of Interaction between the Government and CSOs for 2016-2020 was signed. It advanced public councils and other mechanisms to boost further cooperation between CSOs and officials.

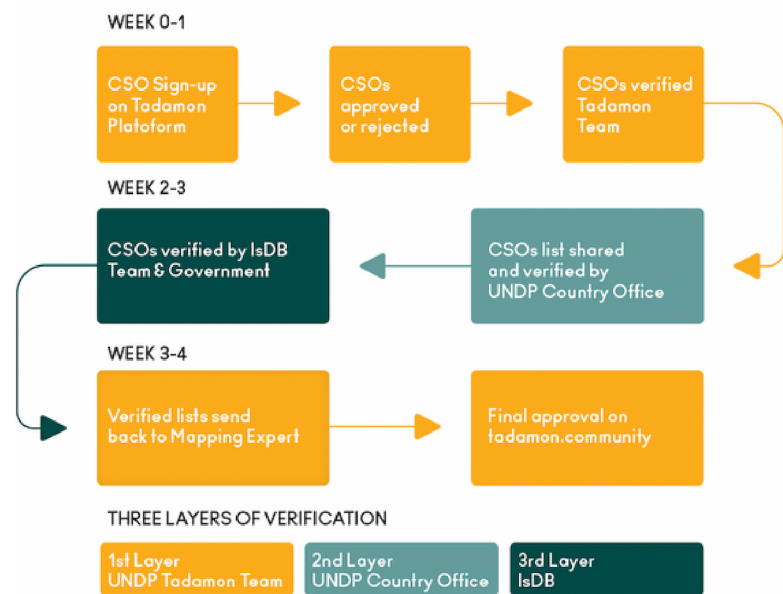

Mapping of CSOs

Since 2020, the program has mapped, categorised and surveyed the civil society landscape across 33 OIC member countries. In 2021 this mapping was conducted in Kazakhstan in order to better understand and get to know the people and organizations at the forefront of grassroots development.

Instead of relying on existing databases and directories, a new approach was specifically designed to have CSOs come to our platform. The goal was to identify the most active organizations that would benefit from the program and its activities, by having CSOs sign up on the Tadamon platform.

After signing up and passing our three-step verification process, CSOs gain access to participate in our activities: grant programs, financed by IsDB, Crowdfunding Academies and other forthcoming capacity building programs.

Sign Up Criteria

1. CSOs' activities are in line with IsDB's areas of interventions;
2. CSOs have no political affiliation
3. CSOs have a minimum of 2 years of experience
4. CSOs are registered and licensed to operate in their respective countries

CSO verification

CSOs that signed up to the platform go through a three-step verification process to ensure they are eligible for the program and have an official registration with local authorities. The applications are also reviewed for any fake applications and scammers.
